# A MODEST PROPOSAL

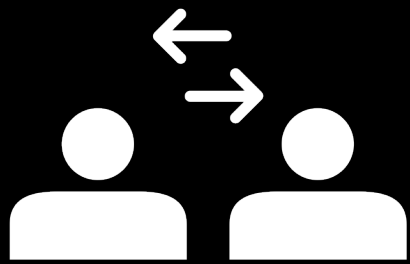

open peer review

living & evolving  
projects cannot  
be evaluated  
through blind  
review

develop rubric/  
standards for  
review

provide  
qualitative  
feedback for t&p

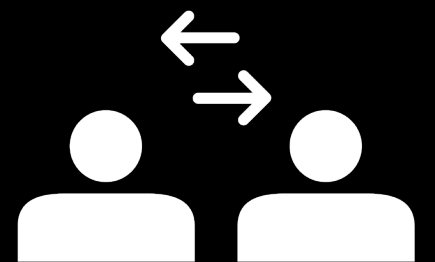

# GETTING ALL INVOLVED

- offer oversight
- institutional memory
- initial review board members
- identify/recommend projects for review

# NEXT STEPS

- your feedback
- needs assessment
- identify technology requirements

The background features a central horizontal band of light orange color. Above and below this band are white areas. In the top and bottom white areas, there are large, stylized, overlapping shapes in shades of purple and yellow, resembling a cross or a window frame.

The background features a central horizontal band of light orange color. Above and below this band are horizontal stripes of yellow. On the left and right sides, there are vertical purple stripes of varying widths, creating a cross-like or frame-like structure. The text "talking about sci-hub" is centered within the orange band.

**talking about sci-hub**

The background features a central horizontal band of light orange color. Above and below this band are thin horizontal bars of yellow. Further out, there are vertical bars of purple and a larger central rectangle of a darker purple shade, creating a symmetrical, abstract design.
